Public Power Council Statement on Announcement of BPA Administrator Steve Wright's Retirement

PORTLAND, Ore. -- "Steve has been a skilled and steady leader for the Bonneville Power Administration during some turbulent times in our industry. His leadership on key issues such as long-term power contracts and the landmark plan for salmon will leave an impressive legacy," said Scott Corwin, Executive Director of the Public Power Council, which represents preference utility customers of BPA. "PPC congratulates Steve on his well-earned retirement, and we look forward to working closely with the Congressional Delegation and the Administration in a process to select a new Administrator."

PPC represents Pacific Northwest consumer-owned utilities on issues related to the Federal Columbia River Power System.
